

Full Stack - WebDeveloper

PROFILE SUMMARY

Full Stack Web Developer with hands-on experience in building scalable web applications and delivering real-world solutions to international clients. Skilled in React, Node.js, and AI integrations with a strong focus on performance and clean architecture. Proven ability to manage end-to-end development and deliver production-ready systems.

EXPERIENCE

NXTHub Solutions Pvt Ltd – Full Stack Developer Intern

Dec 2025 – Mar 2026

NXTHub Solution | 3-month Internship | CollegeSe – EdTech Marketplace for Global Admissions

- Developing and maintaining a live production Next.js application with API integrations, authentication, and dashboard modules.
- Working in an agile environment to deliver, test, and deploy features using Git, CI/CD, and industry-standard development workflows.

GGITC LLP - Full Stack Web Developer Intern

April 2025 - Jun 2025

GGITCLLP | 2-month Internship | Car Servicing Web Project

- Design and Develop a full-stack car servicing web application using modern frontend , backend Technologies and RESTful APIs, ensuring high performance and responsive UI.
- Implemented authentication, service management, and booking modules while collaborating with cross-functional teams to deliver a stable, production-ready system.

Key Freelance Projects

- BDS – Store Management System | Africa** [Link](#)
Developed a full-stack system for inventory, billing, and store operations management.
- Timofx – Blockchain Platform | Germany** [Link](#)
Built a blockchain-based platform with USDT transactions, withdrawals, investments, and referral system.

PROJECTS

Technoverse – Coding Club Website(Gen AI)

[Link](#)

Full Stack Web Application | React, Node.js, MySQL, Redis, Google OAuth, Gemini API, Figma

- Developed a multi-panel full-stack platform with user and admin dashboards to manage events, courses, members, sponsors, and digital content.
- Integrated Generative-AI tools to enable resume building, interview preparation, and content generation for students.
- Implemented secure authentication and dynamic content management with scalable backend architecture.

Boonfarma – Agriculture Platform with Real-Time Services

[Github](#)

Full Stack Web Application | React, Node.js, MySQL, Google OAuth, Gemini API, Figma

- Built a full-stack platform for farmers to manage crop selling, fertilizer registration, and real-time market and weather updates.
- Implemented real-time notifications, secure farmer authentication, and optimized data handling for scalability.
- Integrated AI-based crop disease detection using image analysis to provide instant diagnosis and solutions.

TECHNICAL SKILLS

Frontend: HTML5 , SCSS/CSS3 , JavaScript , React.js Next js , Tailwind CSS , ShadCN .

Backend: Node.js, Express.js, .NET , Entity Framework., JWT , OAuth , ORM(Prisma) , REST API , Socket.IO.

DataBase: Postgresql , MySQL , MS SQL Server , MongoDB.

Version Control & UI/UX: Git, GitHub, Figma, Canva , Blender.

Cloud Platforms (basics): AWS , Google Cloud.

AI Intergration and Automation : LLM-Integration ,HuggingFace Model Integration , n8n.

Programming Languages : Javascript , C++ , C# , OOPs , DSA .

EDUCATION

Bachelor of Technology in Computer Science Engineering

University Institute of Technology RGPV, Shivpuri

Nov 2022 - Jun 2026

CGPA: 7.75 (Till 7th Semester)

Leadership & Achievements

President , TechnoVerseClube (UIT RGPV)

Jul 2025 - Jun 2026

Led Techclub at UIT RGPV Shivpuri by building the official website, organizing 2 tech events & mentoring 250+ member.

Assist. Co-ordinator,TNP Cell (UIT RGPV)

Apr 2024 - Jun 2026

Assistant Coordinator at TNP Cell, supporting placement initiatives and student-industry interactions.

Member, Designing Team (UIT RGPV)

Jan 2023 - Mar 2025

Designed 30+ Social Media posts for UIT RGPV Shivpuri, boosting engagement by 25%

- Secured **1st** position in **3rd year** of college.
- Achieved **2nd** place in **Internal Hackathon** by building a full-stack AI-powered learning platform.
